NIGHTFORCE RADIOLOGY

NightForce Radiology specializes in providing on-call teleradiology services. We lead the field because our clients trust our experience, technology, security and reliability.

Experience:

- Established in 1997
- All NightForce radiologists have an average of 8 years experience each dedicated to providing on-call teleradiology coverage

Technology:

- 99.99% uptime with a fully redundant network
- State of the art proprietary online study request and tracking system
 - Built in quality assurance tools
 - Archived preliminary reports
- 24 hour on-staff technical support
- Fully HIPAA, JCAHO and ACR compliant

Security:

- 100% U.S. based operation
 - All radiologists read from the U.S.
 - No transmission of data outside the U.S.

Guaranteed Turnaround:

- Guaranteed preliminary reports in 30 minutes or less
 - Average turnaround 14 minutes

Service and Support:

- Dedicated account managers
- Critical Results promptly called to the referring physician
- NightForce Radiologists are always available for consultations
- In-house technical support staff available 24 hours a day
- In-house licensing and credentialing team
